

Standard Height Class Proof

Dear Handler

Thank you for entering the Standard Height class at the British Agility Championships.

As stated in the rules and on the schedule, to run in this height class you will need an official measure or be able to provide us with proof of your height from another organisation (KC or UKA).

If you are able to send us a scanned copy, photograph or screen shot of your measurement that would be much appreciated.

If you require an official measurement - Please let us know, this can be arranged for Friday 11th October or at any event between now and then.

Thanks In advance and we look forward to seeing you at the event.

British Agility Event Team.
